

## Good news: Disability benefit coverage amounts increased!

Dear valued partner,

The available benefit amounts based on the applicant's annual revenue have been increased. We have also updated the harmonization of this benefit with the employment insurance. These changes are effective immediately and apply to all applications received as of today or that are still under review. You can find the updated available benefit amounts table in the Documents section of our Advisor resources page and on the Blue Vision quotation tool (version 2.9.3).

### New versions of our quotation tools

Versions 2.9.3 of the Blue Vision tool and 1.3.0 of the Mortgage Plan are now online. Both versions reflect the updated simplified medical requirements for Life, Disability and Overhead expenses benefits. The new medical requirements table can be found in the Advisor Guide available in the Documents section of our Advisor resources page. To learn more, please refer to our November 21 partner communication.

### Health statement

The phone interview now replaces the health statement for all benefits. To ensure a smooth transition, we will continue to accept health statements received in our offices until **March 1, 2020**. After this date, only the phone interview will be accepted.
